

JRR Call for Nominations – Digital and Tech Justice Professionals

Justice Rapid Response is currently seeking to recruit justice professionals for its Expert Roster.

The following categories **do not have specific language requirements**, but **priority** will be given to profiles that have language skills **other than English**, particularly Arabic, Ukrainian, Russian, or Spanish:

- **Artificial Intelligence (AI) Experts** (experts in implementing Artificial Intelligence solutions in support of investigation processes, or Legal Experts with knowledge and experience of working on cases relating to use of Artificial Intelligence, autonomous weapons, and/or dual-use technologies)
- **Experts in Military Digital Technology** (with knowledge and experience working on military use of technology, including -but not limited to- drones, cyber warfare, and dual-use technologies)
- **Digital reconstruction Experts** (including -but not limited to- facial imagery and 3D crime scene modelling).

For the following categories, **fluency in Arabic / Spanish / Russian / Ukrainian** is a requirement:

- **Data Management, Preservation and/or Archiving Experts**
- **Digital Data Analysts**
- **Digital Forensics Experts**
- **OSINT investigators**

Each Justice Rapid Response call for nominations is targeted to specified groups of experts with distinct skill sets and professional backgrounds. **Candidates should therefore only apply if their profile corresponds with the profiles Justice Rapid Response is seeking to recruit through this call.** Only experts in these domains are eligible and can use the links to the relevant recruitment forms below. Nominations of professionals with other expertise will not be considered; these professionals are advised to wait for a later recruitment campaign for experts in their field of expertise.

Justice Rapid Response periodically sends out calls for nominations for its standby roster of experts in international justice who are ready to deploy to national, international and regional accountability and transitional justice mechanisms to help ensure those bodies have the highly specialized expertise to properly document, investigate, analyse and prosecute international core crimes and serious human rights violations. Previous deployments included support to States, the UN Office of the High Commissioner for Human Rights, UN Commissions of Inquiry and Fact-Finding Missions, the International Criminal Court (ICC), international and hybrid courts, truth commissions and CSOs documenting international crimes.

The goal of this call is **to increase the pool of experts** who are available to deploy at short notice to national, international, and regional accountability and transitional justice mechanisms. These deployments help to ensure that justice bodies have the highly specialized expertise to properly document, investigate, analyse and prosecute international core crimes and serious human rights violations.

Prior to any deployment the Expert will raise with JRR any potential conflict of interest that may arise and which may preclude the Expert from carrying out the work impartially and objectively.

Moreover, as part of JRR's duty of care and security processes, unless in exceptional circumstances, JRR would not deploy experts in their own country.

Note that **proficiency in English** is a requirement for certification for Justice Rapid Response's Expert Roster.

JRR is committed to preventing any type of unwanted behaviour, including (sexual) harassment, exploitation and abuse, financial misconduct. To realize this commitment, certification to the roster will always be subject to satisfactory references. Protection from misconduct is everyone's responsibility and all experts deployed by JRR are requested to adhere to the [Code of Conduct](#), including the Organization's values.

JRR adheres to the [Inter-agency Misconduct Disclosure Scheme](#), designed to strengthen international organizations' efforts to prevent Sexual Exploitation, Abuse and Harassment.

We kindly invite experts, with the listed professional backgrounds, to seek nomination and to apply by using the online platform (self-employed experts can nominate themselves). Below, you will find important information about the selection process and the links to the application forms.

If you would like your email address to be added to the mailing list for future calls for nomination, please sign up at <https://jrr.tfaforms.net/423358>.

HOW TO APPLY

Please review the following general information before beginning your application:

- [Frequently Asked Questions](#) about the recruitment and certification procedure for the Justice Rapid Response Expert Roster
- [Justice Rapid Response brochure](#)

If you are not the expert applying, please share this link with the Expert you wish to nominate or who you think would be interested.

If you are the Expert applying, please:

1. Download, complete, and scan the following documents. You will be asked to upload them prior to submitting the Online Personal History Form in Step 2:

- [The JRR Nomination Form](#) to be completed and hand-signed by your current employer (or by yourself if you are self-employed or an independent consultant). As rapid deployability of JRR experts in practice requires the agreement of the expert's employer, *the Nomination Form must be completed by the employer of the expert, and more specifically by the person who has the authority to release the expert for potential international deployments at short notice.*
- The [JRR Recommendation Form](#) completed and signed by your current supervisor.
- The [JRR Agreement Form](#), read and signed by yourself.

2. Go to the web-form below to complete your application:

- The [Personal History form](#)

Please note:

Shortlisting will be conducted based on the application summary that you are asked to draft. It is important that your application summary reflects how your experience and expertise are useful for investigations into international crimes.

Applications will be **reviewed on a rolling basis**.

Incomplete applications or applications that are not submitted through the web form cannot be considered.
